

WILHELMINA

January 16, 2018

To Whom It May Concern:

Wilhelmina Models has been in Business since 1967. We represent and develop some of the world's leading models whom can be seen in top fashion campaigns as well as in the forefront of runway shows in New York, London, Paris and Milan.

Wilhelmina has been working with Mr. Pfeiffer in many aspects over the years. From 1997 to 1999 we represented Mr. Pfeiffer himself as a male model. In 2010 we began working with Mr. Pfeiffer and his Company Commence Quest. Since then we have represented many Commence Quest Models such as Angela Hawes, CJ Richardson and Sarah Otey.

In addition to working with Commence Quest Models, we have come to depend on him for the housing of our models for when they come to New York for extended work projects. We trust Mr. Pfeiffer to provide our models accommodations and make sure our models are living in safe and secure environments.

Through our long lasting relationship we have always found Mr. Pfeiffer to be a consummate professional.

Sincerely,

Helen Shuli
